Experience

○ 2022 - Present
SBC

Videographer

I played a crucial part in creating compelling visual content, collaborating with clients to understand objectives, developing creative concepts, and preparing equipment. I captured high-quality footage, managed camera techniques, and directed subjects for optimal performance. My role also included editing, colour correction, colour grading, and adding special effects.

Essential skills included technical proficiency with cameras and editing software, a creative eye for storytelling, and effective communication in collaboration with clients and team members. My role emphasised staying abreast of industry trends for continuous improvement in this dynamic field.

○ 2021 - 2022
SBC

Business Journalist

I excelled in producing concise and accurate copy adhering to house style and strict deadlines. I demonstrated proficiency in creating and uploading news content across multiple websites, utilising and updating content management systems efficiently. Conducting interviews in diverse circumstances, I honed my skills in seeking out and investigating stories through contacts, press releases, and various media channels.

My role extended to attending a spectrum of events, from press launches and exhibitions to conferences, often involving international travel.

I played a key part in sourcing speakers and contributing to the agenda for company events and conferences. Additionally, I ensured that all content was optimized for SEO, enhancing its reach and impact in the digital landscape.

○ 2019 (Sept & Oct)
BBC Sport

Studio Work Experience

During my time at BBC Sport I worked on visual graphics and edited live footage for the news broadcast. I also worked with the social media team to create and schedule content.

Certificates

Adobe Certified Professional

Visual Effects & Motion Graphics
using Adobe After Effects

Completed August 4th, 2023
